Prospectus.

ABRIDGED PROSPECTUS OF THE PUNJOM & SONGHIE DUA SAMAN-TAN MINING COMPANY, LIMITED.

INCORPORATED UNDER THE COMPANIES' ORDINANCES, 1865 TO 1883, OF HONGKONG.

CAPITAL, \$400,000
Divided into 40,000 Shares of \$10 each; of which 15,000 are fully paid-up Shares and allotted; 20,000 will be allotted and issued as provided for in the Articles of Association of the Company, and the remaining 5,000 are offered to the Public and are Payable for as follows, viz:—

\$3 on application, \$2 on allotment, and the residue when and as the same shall from time to time be called up under the Provisions contained in the Articles of Association of the Company.

Directors:
The Honourable F. D. SASSOON, C. P. CHATER, Esq., F. E. SASSOON, Esq., W. H. RAY, Esq., H. G. JAMES, Esq., G. D. BOTTOMLEY, Esq., W. WOTTON, Esq.

Bankers:
THE HONGKONG AND SHANGHAI BANKING CORPORATION.

Solicitors:
Messrs. WOTTON & DEACON, 35, Queen's Road, HONGKONG.

Secretary:
F. H. Q. WILSON, Esq. (PRO TEM.)

THE COMPANY has been formed for the purpose of acquiring by purchase from the Vendors at the price of \$150,000 (which said Vendors agreed to take in fully paid-up Shares of the Company) certain valuable concessions granted by the Sultan of Pahang, and of working certain mines and mineral lands at Punjom and at Sanghie Dua Samantan in the State of Pahang in the Malay Peninsula, containing Gold, Tin, Silver, and other minerals.

The Capital required for the above objects is \$400,000 to be raised by the issue of 40,000 Shares of \$10 each, of which 15,000 Shares, fully paid up, will be allotted and issued to the Vendors, and the residue of the Capital, viz. \$250,000, will be taken in by the public in the manner provided for in the Articles of Association of the Company, dated the 7th September, 1885, hereinafter mentioned and made between the Vendors and a Trustee on behalf of the Company, by which the Vendors agreed to sell the said concessions to the Company at the price of \$150,000, and to accept payment of the same in fully paid-up Shares of the Company. Of the 40,000 Shares a further 20,000 are, by the Articles of Association of the Company, to be allotted and issued to the promoters or their nominees and are to be paid for as follows, viz. \$3 within 14 days after the registration of the Company, \$2 within a further 14 days, and the remainder \$3,000 Shares only are offered to the public, which will be allotted and issued as the Directors of the Company shall determine, and shall be paid for as follows:—\$3 on application, \$2 on allotment, and the residue when and as the same shall from time to time be called up under the provisions of the Articles of Association of the Company.

Both properties have an area of about 100 square miles, and are held under a lease from His Highness the Sultan of Pahang, for the terms of 75 and 50 years respectively.

The locality of the Company's proposed operations has been known to be superior for ages past, and has been worked, though in a primitive and very incomplete way, by Chinese and Siamese, during a period extending over some centuries.

With the object of thoroughly testing the accuracy of the representations made to them with regard to these mines, the promoters of the Company secured the services of Mr. THOMAS JAMES HAYGROVE, F.R.S., a well-known Mining Engineer and Assayer of 110, Cannon Street, London, who was specially retained and employed by them to explore the mines upon the concessions, and to report upon them. His report is a most favourable one and was afterwards completely corroborated and confirmed by the eminent Geologist and Mineralogist, The Reverend JONAS E. TENISON-WOODS, who also visited and reported on the concessions in the Company's behalf.

The services of Mr. HAYGROVE, who is a thoroughly practical Mining Engineer, have been engaged by the Company as their General Manager for the term of 4 years to start and put the Company's Mines in full working order.

The question of labour, road making, &c., does not appear to present any greater difficulties than are always inseparable from similar undertakings.

Three agreements only have been entered into, dated respectively the 4th day of November, 1884, the 11th day of August, 1885, and the 7th day of September, 1885. Copies of these Agreements, the Memorandum and Articles of Association of the Company, and the Prospectus can all be seen at the Office of the Company, situate at 35, Queen's Road, Hongkong, or at their Solicitors.

Applications for Shares, which will be received until the 30th September, 1885, must be made on a form which can be obtained from the Secretary of the Company at their Office, 35, Queen's Road, Hongkong, and the amount payable on application paid to the Hongkong and Shanghai Banking Corporation at Hongkong. No allotment is made, the deposit will be returned without any deduction, but without any interest, and where the number of shares allotted is less than the number applied for, the amount will be credited in reduction of the amount payable on the allotment and any excess returned.

SCOTCH TWEED SUIT, (COAT, VEST AND PANTS), 15 DOLLARS.

Over One Hundred Patterns to choose from.

THE success which attended our introduction of this 'SPECIALITY' last year, induced us to increase our Orders for this season, and our London Agents having secured a very large Lot of SCOTCH TWEEDS of exceptionally good value, we now offer them to our Customers at the above quotation.

It can be readily understood that the profit on each suit must necessarily be small, but we estimate that, from increase of business, a greater profit will ultimately accrue to us than if we charged a higher price.

The same attention will be given to the making up and fitting of these suits as would be to the most expensive materials.

General Managers: MESSRS. MACLEWEN, FRICKEL & Co.

Bankers: THE HONGKONG AND SHANGHAI BANKING CORPORATION.

Solicitors: MESSRS. WOTTON & DEACON.

Company's Office: 36, QUEEN'S ROAD, HONGKONG.

Abridged Prospectus.

THE Company (which was duly incorporated as a Company Limited by shares on the 17th day of August, 1885) has been formed for the purpose of constructing, equipping, and working a line of Tramway between a terminus adjoining St. John's Place in Garden Road and Victoria Gap, Hongkong.

With this object in view, the Company has acquired from the Hon. P. RYRIE and Mr. A. FINDLAY SMITH the right to construct and maintain such a Tramway by an Indenture dated the 12th day of September, 1885, and made between the Hon. P. RYRIE and A. FINDLAY SMITH of the one part and the Company of the other part, whereupon the Company has been authorized and empowered to make, and all the privileges thereby conferred in so far as the Company might desire to exercise the same in regard to the said Tramway. This Indenture is open to inspection at the Office of the Company.

The Public are already alive to the necessity for this undertaking, and are aware of the steadily increasing traffic between the City of Victoria and Victoria Gap, which calls for, and promises to make remunerative, a speedy, economical, and thoroughly effective and safe means of transit to the Peak. This is the intention of the Company to provide by placing the Gap within seven minutes' ride from the City level.

The general merits of the project have been made known by the local newspapers, and it will therefore be sufficient to state that the Company has taken over a well-matured scheme which has received, during upwards of four years, careful consideration from the Board of Management, and the assistance of the best professional advice. One of the Promoters, it may be mentioned, has recently inspected most of the existing mountain tramways in Europe and America.

The construction of the Tramway is now being proceeded with under the supervision and management of Mr. J. F. BOYTON, Assoc. M. Inst. C.E., and Mr. JAMES ANDERSON, on a principle embracing all the most recent improvements and ensuring absolute safety in working.

In addition to the income from passenger traffic already secured by the great number of residences now existing at the Peak, a considerable revenue is confidently expected from the facilities of access to the mountain offered to visitors and residents. The Company also anticipates an additional income from the over-hill traffic between the Peak and Victoria, and the Carriage of Building Materials, Coal, and General Goods and Parcels.

It is in contemplation to have well-appointed Chairs under the Company's control at the Gap to convey passengers from thence to any point on the mountain at fixed rates, and also, if necessary, Chairs and Rickshaws at the lower terminus.

The Ordinances under which the Company will construct this Tramway are Ordinances Nos. 6 and 18 of 1883. The deed of grant, dated the 8th day of April 1885, is open to inspection at the Office of the Company.

The only agreements in existence affecting the undertaking are:—

(1) An agreement dated the 20th day of April 1885, whereby Mr. ANDERSON was appointed Manager for the construction of the Tramway and for the other purposes therein mentioned. The burden of this Agreement has been taken over by the Company. This Agreement is open to inspection at the Office of the Company.

(2) An Agreement dated the Twelfth day of September, 1885, whereby Mr. BOYTON was appointed Resident Engineer of the Peak Tramway, and this Agreement is also open to inspection at the Office of the Company.

Copies of this Prospectus and form of Application for Shares can be obtained, and a copy of the Memorandum and Articles of Association, and plans and estimates, can be seen at the Office of the Company. Half the number of shares are already taken up. Application for the balance of the shares will be received by the General Managers up to, and inclusive of, the 15th day of October, 1885.
